

# Protein Crunch - Installation & Delivery Checklist

MS ZAMA POS Lite v1.0.1 | INTERNAL USE - MS ZAMA Dynamics

## 1. BEFORE LEAVING

- ☐ Confirm final v1.0.1 works; keep the master source/ZIP on your own laptop and keep a second backup.
- ☐ Carry only required installation/build files, plus MS ZAMA Dynamics logo and Protein Crunch logo if available.
- ☐ Keep activation key ready: PC-ZAMA-2026.
- ☐ Carry User Manual PDF, quotation and a pen drive if useful.

## 2. AT PROTEIN CRUNCH - INSTALLATION & TESTING

- ☐ Install on the client's actual device and activate it; confirm Licensed to Protein Crunch.
- ☐ Add Protein Crunch logo; verify business name, address, phone and GSTIN.
- ☐ Choose A4 / 58 mm / 80 mm print format and configure actual products, prices and GST.
- ☐ Generate a real test bill and verify totals/printing.
- ☐ Test Hold Bill -> another bill -> Resume; then test Bill History/reprint.
- ☐ Test Dashboard/Reports, CSV export and Backup/Restore.
- ☐ Connect/test the actual thermal printer when available.
- ☐ Close and reopen the app; confirm activation, branding, held data and normal records remain.

## 3. BEFORE LEAVING THE CLIENT

- ☐ Export the first client backup; leave one copy with Protein Crunch and explain future backups.
- ☐ Give the User Manual and a 10-15 minute staff demonstration.
- ☐ Remove installer ZIP/source/project files from the client's device after successful installation.
- ☐ Leave only the installed app and files the customer genuinely needs.
- ☐ Ask a Protein Crunch staff member to create and complete a bill without your help.
- ☐ Collect the agreed final payment: ₹4,500.
- ☐ Mark installation and delivery complete.

**FINAL RULE: Do not leave until a Protein Crunch staff member can generate a bill without you touching the device.**
